*Curriculum vitae et studiorum*

**Dr. Aurora Maria Alessandrini, M.D.**

DATE OF BIRTH: 05/06/1984

C.F.:LSSRMR84H45B936B

Email: aurora.alessandrini3@unibo.it; aurora.alessandrini.30@gmail.com

Graduated in Medicine and Surgery at the University of Bologna, specializes in Dermatology and Venereology, with a thesis entitled "Alopecia areata incognita and alopecia areata diffusa: two comparing entities" with the highest votes.

PHD candidate with a research project named "APPLICATION AND COMPARISON BETWEEN NON INVASIVE AND INVASIVE METHODS IN THE STUDY OF DISEASES OF SKIN APPENDAGES".

I carry out research in the field of skin appendages, with particular interest in non-invasive diagnostics, using dermatoscopy, and histologic diagnosis of hair and nail disorders. I also carry out research activities in the field of most innovative medical and surgical therapies of hair and nail pathologies. In this area I have actively contributed to the publication of numerous scientific, national and international papers, with articles in indexed journals and chapters of books. I was speaker at national and international congresses. I possesses excellent technical skills in the use of dermatoscopes, video dermatoscopes, medical photographic equipment. I have great capabilities in using the Microsoft Office suite and Mac software. I have good knowledge of English spoken and written.

Activities of interest:

- *Pathophysiology of skin appendages (hair and nails)*
- *Hair and nails diseases and therapies*
- *Oncology*
- *Pathophysiology of Skin Ulcers*
- *Mycology and parasitology*
- *Pediatric dermatology*
